Fort Lauderdale, FL
Intensive Supervisor

Provide intensive supervision to doctoral graduate students in several community clinical practica (residential substance abuse treatment facilities and generalist practica). Train students in CBT, ACT, Dialectical Behavior Therapy, and Motivational Interviewing, ethical issues, case conceptualization, and documentation.

Motivational Institute Mental Health Bridge Clinic, Inc. January 2013-Current

Fort Lauderdale, FL

Vice-President

January 2013-Current

Onsite Supervisor

January 2013-October 2014

The Motivational Institute Mental Health Bridge Clinic, Inc. is a non-profit mental health clinic organized to bridge the gap between quality psychological training and those with mental health needs who cannot afford services. Provides behavioral medicine, psychological, and psychoeducational services such as individual and group psychotherapy and psychological testing with a sliding scale fee. Duties have included providing supervision and didactic training to graduate level practicum students.

CLINICAL TRAINING EXPERIENCE

Motivational Institute for Behavioral Health, LLC.

September 2011-January 2013

Fort Lauderdale, FL

Postdoctoral Psychology Resident

Providing psychological and psychoeducational services to adolescents and adults, including individual, group, and couples psychotherapy and psychological testing. Duties also include providing outreach services to the community through workshops.

Supervisor: **Lori Eickleberry, Ph.D.**

Captain James A. Lovell Federal Health Care Center

September 2010-August 2011

Previously the North Chicago Veteran Affairs Medical center, North Chicago, IL

Predocotoral Psychology Intern

Completed an APA accredited internship that involves four rotations and clinical enrichment opportunities. Provided a range of short-term to long-term services to a caseload of 3-5 clients with general mental health conditions throughout the year in addition to participation in specific rotation training.

Stress Disorder Treatment Unit Rotation (October 2010-January 2011)

Client population included veterans and active duty patients who experienced a single incident trauma, such as a military sexual trauma or combat-related PTSD. Clients also presented with chronic childhood neglect, sexual, and/or physical abuse. Conducted psychological assessments and collaboratively develop inpatient mental health treatment plans. Co-facilitated an intensive inpatient supportive Trauma Group three times a week to address the re-experiencing, avoidance, and increased arousal symptomatology associated with PTSD. Provided intensive individual inpatient therapy for veterans utilizing EMDR and CBT to address PTSD and co-morbid concerns. Co-facilitate weekly Family Issues Group utilizing Dialectical Behavior Therapy (DBT) principles with veterans to address interpersonal conflicts and emotional regulation issues.

Collaborated with other health care professionals on an interdisciplinary treatment team and attend daily meetings to address care of veterans.

Rotation Supervisor: **John J. Schaut, Psy.D.**

Psychology Testing Laboratory Rotation (January 2011-May 2011)

Provided an array of psychological testing services for both inpatient and outpatient settings. Psychology testing services include screening for memory, functional, and cognitive difficulties related to age and/or Traumatic Brain injury for the purpose of diagnosis and treatment planning. Provided personality and vocational testing as needed. Tests were tailored to the individual client's needs. Performed Compensation and Pension examinations.

Rotation Supervisor: **Kelly Graham, Psy.D.**

PTSD/Substance Abuse Rotation (May 2011-August 2011)

Client population included veterans and active duty patients who experienced a single incident trauma, such as a military sexual trauma or combat-related PTSD, in addition to substance abuse concerns. Co-facilitated group therapy for inpatient and outpatient veterans. Provided Prolonged Exposure to veterans. Performed Compensation and Pension examinations.

Rotation Supervisor: **Michael J. Pinkowski, Ph.D.**

Inpatient Treatment Rotation (May 2011-August 2011)

Client population included veterans and active duty Navy patients on the acute inpatient psychiatry unit in order to address concerns, which include PTSD, mood disorders, and psychotic disorders. Provided individual and group therapy. Collaborated with other health care professionals on an interdisciplinary treatment team and attend daily meetings to address care of veterans. Performed Compensation and Pension examinations.

Rotation Supervisor: **Thomas Martin, Psy.D.**

Healthy Lifestyles Guided Self-Change Program
NSU Psychological Services Center, Fort Lauderdale, FL

August 2009-May 2010

Elective Practicum Student, Total Hours: 10-15/week

Led therapist for groups conducted at the Broward Outreach Center, a residential, rehabilitation center for the homeless located in Hollywood, FL. The focus of group sessions was primarily on relapse prevention using motivational interviewing. Supervised incoming practicum students in group therapy and individual therapy. Individual therapy utilized a cognitive behavioral approach with a motivational interviewing style for the treatment of clients with substance use (alcohol, smoking, and illicit drug use) and lifestyle (eating, exercise, gambling, and procrastination) concerns. Forty-five minute of individual supervision was provided per week.

Supervisors: **Linda Sobell, Ph.D., ABPP**
Mark Sobell, Ph.D., ABPP

Trauma Resolution Integration Program
NSU Psychological Services Center, Fort Lauderdale, FL

August 2008-August 2009

Practicum Student, Total Hours: 15-20/week

Conducted intake interviews consisting of a comprehensive clinical interview, mental status examination, objective personality measures, and a battery of population-specific structured interviews and measures. Client population included adults who experienced a single incident trauma, such as a sexual assault or chronic childhood neglect, sexual and/or physical abuse.

Provided intensive, individual therapy utilizing an integrated approach in treating disorders and symptoms related to trauma. Facilitated weekly Dialectical Behavior Therapy (DBT) group sessions for clients experiencing Axis II symptomatology, dissociative symptoms, severe interpersonal conflict, and/or difficulties with emotional control and the ability to tolerate distress. Three-hour weekly group supervision and one half-hour individual supervision was provided.

Supervisor: **Steven Gold, Ph.D.**

Healthy Lifestyles Guided Self-Change Program
NSU Psychological Services Center, Fort Lauderdale, FL

August 2007-August 2008

Practicum Student, Total Hours: 10-15/week

Conducted intake interviews consisting of a comprehensive clinical interview, mental status exam, and population specific measures. Provided individual therapy using a cognitive behavioral approach with a motivational interviewing style for the treatment of clients with substance use (alcohol, smoking, and illicit drug use) and lifestyle (eating, exercise, gambling, and procrastination) concerns. Treatment was also provided for the students, faculty, and staff of Nova Southeastern University. Facilitated group therapy at the Broward Outreach Center, a full-service facility that serves homeless men and women. The focus of group sessions were primarily on relapse prevention using motivational interviewing. Conducted assessments to determine if residents were an appropriate fit for group. Seven-hour weekly group supervision and one half-hour individual supervision were provided during the first semester of training. Four-hour weekly group supervision and one half-hour supervision were provided during the second semester.

Supervisors: **Linda Sobell, Ph.D., ABPP**
Mark Sobell, Ph.D., ABPP
Jennifer Hochman, Psy.D.
